PUBLIC NOTICE OF PROPOSED ACTION

Web Posting Date: 11/17/06

The Administrator of the Nevada Division of Environmental Protection is issuing this Notice of Proposed Action under the Nevada Revised Statutes and the U.S. Clean Water Act. The Administrator has received a complete application to renew National Pollutant Discharge Elimination System (NPDES) permit # NV0023159 from the following applicant:

Risk Management & Safety
Clark County Department of Finance
PO Box 551711
Las Vegas NV 89155-1711

A dewatering system for portions of structures extending below the water table at Clark County's Regional Justice Center at 201 Lewis Ave discharges to a storm drain tributary to Las Vegas Wash at a rate of approximately 5 gpm. The discharge is treated via carbon adsorption due to a regional low level PCE plume. Periodic sampling for certain constituents is undertaken to ensure proper operation of the carbon system and for tracking purposes for other constituents. The Division has made the tentative determination to renew the proposed NPDES permit for a five year term.

Persons wishing to comment upon or object to the proposed determination by the Administrator, or request a hearing pursuant to the water pollution control provisions of the Nevada Administrative Code, should submit their comments or request in writing, within thirty (30) days of the date of newspaper publication either in person or by mail to:

Nevada Department of Conservation and Natural Resources
Division of Environmental Protection
Bureau of Water Pollution Control
901 S Stewart St Ste 4001
Carson City, Nevada 89701-5249

The end of the comment period and deadline for receipt of all comments or requests in this office is 5:00 P.M. Friday December 29, 2006. Mail postmarked with that date will also be accepted. Hearing requests must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or objections received within the thirty (30) day period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time. The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by calling Robert J. Saunders, Bureau of Water Pollution Control at (775)687-9437 (email: rsaunder@ndep.nv.gov). In addition, the fact sheet and this notice is posted at <http://ndep.nv.gov/admin/public.htm>. The office fax number is (775)687-4684.
